

# Maintenance Engineering

[www.4maintenanceengineering.co.uk](http://www.4maintenanceengineering.co.uk)

# Bespoke cargo handling construction

---

## Fabrication

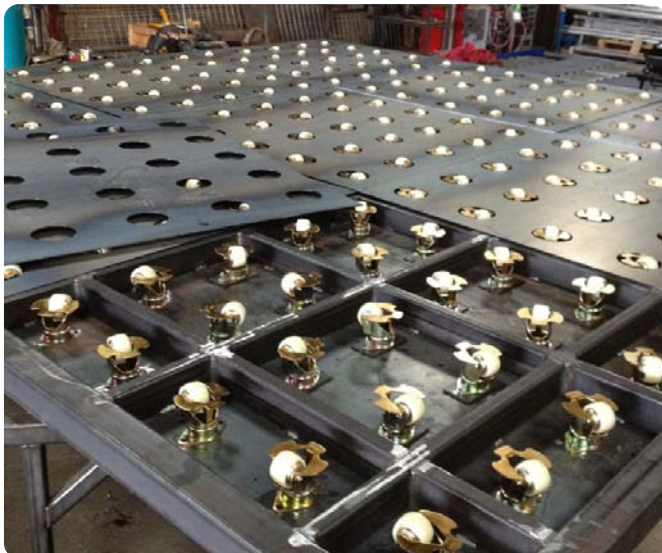

We have a fully equipped workshop for any type of construction and can powder coat all manufactured parts if required.

We have access to all major steel stockists who can give us competitive steel prices, usually on a next day delivery unless bespoke.

---

## Barriers

We design and fabricate all types of barriers. From heavy duty barriers for frequent hits of forklifts to handrail barriers to protect workers in all areas of the warehouse.

## Castor Decks and Ball Matting

We can design, construct and install Castor Decks, Ball Matting Equipment or Roller Beds to suit any size warehouse and carry out maintenance and repairs quickly and efficiently whenever needed.

# Maintenance Engineering

**We have a very dedicated and highly qualified team of engineers, supervisors and managers**

**4maintenance Engineering** has a wealth of experience in all aspects of engineering.

We can fabricate and install all types of cargo handling equipment. The most popular with our customers are:

- ULD Racks
- X-ray sleeper Barriers
- Improved Explosive Device (IED) Pallets for X-Raying Dense Cargo
- Dollies
- Pallet Height Gauges
- Plastic Roll Holders
- Gas Cages and Wood Racks
