

DP-50/60 Series

DISTRIBUTION

PILLAR

The **CDR power pillars** provide AC and DC connection points for workshops and hangars.

- AC: **220/400 V–50/60 Hz**
- Special: **115/200 V–400 Hz**
- DC: **28 V**

Each line can be equipped with:

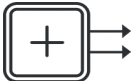

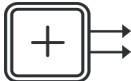

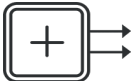

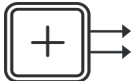

- High-speed switch
- Voltage and status indicators

Options

- Built-in remote control
- Certified counters (**400 Hz/ 28 V**)
- Anti-condensation heating
- Custom integrations on request
- Power consumption monitoring
- Remote monitoring

General

- Climatic execution: up to client's needs
- Humidity: **up to 100 %**
- Cover protection class: **IP 55**
- Electric connection class of protection: **IP 67**
- Country of origin: Estonia

50/60 Hz 3 phase outputs  • 400 VAC 16 A • 400 VAC 32 A • 400 VAC 63 A • Other voltages • 400 VAC 125 A • 400 VAC 160 A • 400 VAC 200-250 A	50/60 Hz 1 phase outputs  • 230 V 16 A • 230 V 32 A
28.5 V outputs  • up to 1600 A continuous	400 Hz 3 phase outputs  • 115/200 V, up to 360 kVA • 36 V, up to 30 kVA
